102 FORMER JUNIOR CANES ARE PLAYING JUNIOR, COLLEGIATE OR PROFESSIONAL HOCKEY IN 2023-24

THE HOTTEST MARKET IN HOCKEY

Founded in 1987 as the Raleigh Youth Hockey Association, renamed in 2007 from a partnership with the NHL's Carolina Hurricanes, and re-organized in 2019 after a strategic merger with the Carolina Eagles, the Carolina Junior Hurricanes are the premier youth hockey association in the Southeast.

From the early years providing competitive youth hockey to athletes relocating to the ever-growing Research Triangle to today where homegrown Carolinians compete toe-to-toe with athletes from "traditional" markets on the largest stages in youth hockey, our professional approach to player development has yielded NHL draft picks, NCAA Frozen Four champions, and over 200 alumni playing all levels of junior, collegiate and pro hockey.

A STORM IS BREWING

In 2020, the Junior Canes became the first girls program in the Carolinas to earn Tier I AAA status. The Tier I AAA Girls Program was designed to provide the handful of homegrown, elite female hockey players an opportunity to continue to progress towards their goals without having to leave home to do so. Our 19U program boasts a 100% success rate in placing athletes with goals to compete in college onto collegiate rosters.

TRACKING THE HURRICANE

During the 2023-24 season, here is the breakdown of the 98 active Junior Canes alums in collegiate or Junior hockey:

NCAA Division I men - 4

Junior Hockey - 38

NCAA Division I women - 3

NCAA Division III men - 5

NCAA Division III women - 12

Men's Club Hockey (ACHA, CHF, AAU) - 32

Women's Club Hockey (ACHA) - 4

TOOLS OF THE TRADE

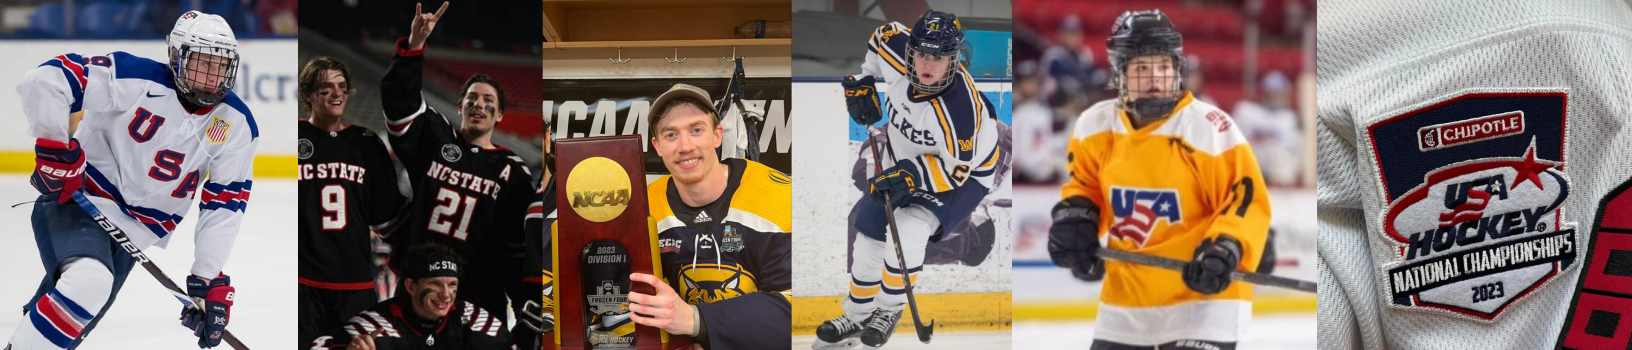

The Junior Canes provide age-appropriate athletes with premium verified **Elite Prospects** memberships to manage their personal profiles to publish athletic and academic accomplishments, as well as **HUDL** team accounts to manage game film and highlights.

Visit juniorcanes.org/recruiting for links to rosters, schedules, and recruiting profiles.

COMMITMENT TO ACADEMICS

While a number of our athletes strive to climb the post-youth hockey ladder through the Juniors ranks towards NCAA, high-level collegiate club or professional hockey, we also boast a wealth of highly talented players who want to follow a more 'traditional' academic path from high school graduation directly into college enrollment to play Division III or ACHA/AAU club hockey.

No matter which path our players choose, a high standard of academic performance is part of the player contract that every Junior Canes athlete signs at the start of each season.

"The Canes program grew me not only as a player, but as a person by teaching me dedication and commitment to a team"
 Mary Derrenbacher - 2023 USA Hockey 18U Selects

GIRLS PROGRAM
